Mike -

I am comfortable with this plan. Thanks for your help putting things together.

Thanks.

Subject: Summary/Confirmation on Dimock Door-to-Door and Fracking Listening Meeting

I wanted to send an email summarizing the latest plans on Dimock and the broader fracking listening mtg. to confirm schedules/logistics/tasks so we can move forward. I am Ex. 6 - Personal Privacy and need to have this resolved no later than tomorrow at 10am.

Dimock/Carter Road

- Plan is for Karen Johnson, Dave Polish and Bob Helverson to go door-to-door for individual listening session for 19 homes.
- Visits will take place on Nov. 10. (Karen, Dave and Bob - please confirm today)
- On Friday - Trish and Dave will notify residents of the planned visits and will have the lead on setting the mtg schedule with residents.
- Dave will take the lead in meeting with Karen and Bob prior to the trip to coordinate message(listening only), etc.
- FYI: PADEP invited to participate in visits but has declined.

Fracking Concerns Listening Session.

- Tentatively set for Tuesday Nov. 8 from 12noon to 2:00pm in Highlands Room on 4th floor (room is reserved in my/Trish's name).
- EPA representatives to include: Trish Taylor and Dave Polish (CIC), Vicky Binetti and Karen Johnson (WPD), Drew Hass (or staff from APD), Lora Werner and Bob Helverson (ATSDR) and potentially Gerry Heston (HSCD). (Please confirm your availability today.)
- Once everyone confirms their availability, I will contact Rebecca Roter to confirm mtg with her and other citizens.
- Rebecca has already sent a list of 8 citizens from Pennsylvania who are scheduled to attend. I will forward the list/email to mtg attendees and will provide the list to security. Trish and Dave will be listed as contacts and will greet the citizens in the lobby.
- Trish and Dave will take the lead in meeting with other attendees prior to the listening session to coordinate roles, message (listening), etc. Trish and Dave also will take lead on meeting logistics: mtg. sign-in, notes, etc.
- FYI: PADEP being notified of meeting, but citizens have asked that they not be present.
- Background: In April 2011 citizens asked for forum on Susquehanna River Basin similar to the Delaware Basin Forum R3 hosted in March. Citizens raised issues on Dimock which are being addressed separately (see above), but continue to have broader concerns. Recently, citizens asked for meeting here in the region to express concerns and inform EPA of what is taking place in Susquehanna Basin. This is simply a listening

session and opportunity for citizens to express concerns.

Thank you for all of your help.

Mike
